## BLAST AND FIRE AT HOLLYWOOD FILM PLANT

### KILLS ONE MAN, INJURES SIX, DOES HEAVY DAMAGE

POLICE AND FIREMEN BELIEVE  
THAT OTHERS HAVE PER-  
ISHED IN MISHAP

\$25,000,000 LOSS ATTRIBUTED TO  
DESTRUCTION OF IRREPLACE-  
ABLE NEGATIVES

Hollywood, Oct. 24.—(U.P.)—A disas-  
trous explosion and fire swept the  
Consolidated Film Laboratories here  
early today, causing the death of at  
least one person, injuring six others  
and resulting in damage estimated in  
excess of \$25,000,000.

Al Lund, employed at the labora-  
tories, died of burns a few minutes  
after he was pulled from the flaming  
building. Police and firemen believed  
others perished but an accurate check  
could not be made for several hours.  
The injured, two of them women,  
were treated at the Hollywood emer-  
gency hospital. One man was burned  
critically.

The huge loss was attributed to the  
destruction of irreplaceable negatives  
upon which major film companies had  
lavished hundreds of thousands of  
dollars. Among the films believed to  
have been partially destroyed were  
"The Taming of the Shrew," the first  
picture co-starring Douglas Fairbanks  
and Mary Pickford; "Rio Rita," fea-  
turing Bebe Daniels, and "Hell's An-  
gels," air war picture.

Destruction of the building and its  
equipment was placed at \$1,000,000.

Two explosions preceded the flames.  
A spark from a polishing machine  
was said to have caused the explo-  
sion of a film on which Miss T. B.  
Anderson was working.

The known injured were:

Mrs. Irene Beardslee, 40, burned  
about the face, arms and back.

Miss T. B. Anderson, burned severely  
about the face and arms.

J. G. Mienan, critically burned in  
leading about a dozen girls from the  
building.

Albert Walker, minor cuts and  
burns.

An unidentified fireman, overcome  
by smoke.

An unidentified man, scalp wounds.  
Ten girls were said to have been  
working in the room in which the first  
explosion occurred. All were believed  
to have fled to safety but firemen  
were not able to make a check.

Every available piece of fire equip-  
ment was taken to the scene of the  
blaze.

The fire was under control before  
daylight but search of the ruins was  
held up because of the danger from  
further explosions of films.

### KIDNAPED BOY IS RETURNED HOME

Detroit, Oct. 24.—(U.P.)—Five-year-old  
Jackie Thompson was back in his  
home today while police sought addi-  
tional members of the gang which  
kidnaped him on Sept. 30 extorting  
\$25,000 from his father before the boy  
was rescued by police last night. Two  
men and two women were being held  
by police, but detectives refused to  
divulge details of their investigation  
for fear the information might thwart  
their plans to capture others in the  
alleged abduction gang.

The boy's father Henry S. Thomp-  
son, wealthy real estate dealer, paid  
the last \$5,000 ransom money to two  
men last night, according to police.  
In the pockets of James Fernandez, 39,  
one of the men arrested, detectives  
claimed they found the \$5,000. The  
other man arrested, Emil Souave, 25,  
denied any part in the abduction and  
police believe he was only used as a  
decoy by the kidnapers.

### SOUGHT TO WRECK THEIR AUTOMOBILE TO GET INSURANCE

Louisville, Ky., Oct. 24.—(U.P.)—Two  
negroes who drove an automobile onto  
the tracks in the path of President  
Hoover's special train at Snyder Sta-  
tion, near New Albany, Ind., last night  
were under arrest here today.

The negroes, Ed Wright, 23, and  
Charles W. Burlock of Jeffersonville,  
Ind., were said to have confessed that  
they intended to wreck the automob-  
ile to collect insurance, but that they  
did not know President Hoover was  
aboard the train.

### Reinforcements Arrive for Chinese Nationalist Generalissimo

Hankow, Oct. 24.—(U.P.)—Reinforce-  
ments of 1,000 Whampoa cadets ar-  
rived today at the headquarters of  
Chang Chi Chung, nationalist general-  
issimo.

Fighting was reported in the neigh-  
borhood of Chengchow while a six-  
hour battle was fought near Hsi-Shi-  
Kuan after troops of Feng-Yu-Hsiang  
started an attack on the government  
forces. Airplanes and armored trains  
played a prominent part in the battle.

## Middle West Shivers in Sub-Freezing Weather

### HOLDING GRAIN DECREASES N. P. RAIL REVENUE

St. Paul, Oct. 24.—(U.P.)—The ac-  
tion of northwest farmers in hold-  
ing back their grain shipments was  
held responsible today in a  
report of the Northern Pacific  
railway for a decrease of revenue  
in September.

The net operating revenue for  
the month was announced as  
\$3,518,420, a decrease of \$38,243  
from September, 1928.

### GRUNDY PROUD OF FACT THAT HE SHAPED TARIFF

IS CALLED BEFORE THE SENATE  
LOBBY INVESTIGATING  
COMMITTEE TODAY

TO TELL WHAT HAND HE HAD IN  
THE PENDING REPUB-  
LICAN BILL

By PAUL R. MALLON

(United Press Staff Correspondent)

Washington, Oct. 24.—Joseph R.  
Grundy, the small worsted manu-  
facturer of Bristol, Pa., who is proud of  
the fact he has influenced tariff legis-  
lation ever since there was a tariff,  
was called before the senate lobby in-  
vestigating committee today to tell  
what hand he had in the pending re-  
publican bill.

Generally regarded as the most in-  
fluential of all legislative agents at  
work in Washington for private in-  
dustries, Grundy was a familiar figure  
about the executive sessions of the  
senate finance committee when the  
bill was being written last summer.  
He has impatiently stroked his white  
mustache in the gallery recently while  
he was criticized by members of the  
independent-republican and demo-  
cratic coalition as the real writer of  
the industrial increases in the bill.

Scheduled as the star witness of the  
lobby inquiry his appearance has been  
delayed by the investigators but his  
name has been brought into the testi-  
mony as a co-worker of Charles L.  
Eyanston, the \$10,000 a year agent of  
the Connecticut Manufacturers' Asso-  
ciation who was admitted to secret  
finance committee sessions as sec-  
retary to Senator Bingham, republican,  
Connecticut.

Grundy's prestige among politicians  
has been increasingly important dur-  
ing the last few years because he was  
able to raise \$700,000 or more among  
Pennsylvania manufacturers and oth-  
er financial interests for the republi-  
can campaign of 1924. He also con-  
tributed personally some \$300,000 or  
more to the primary gubernatorial  
campaign of Gov. John S. Fisher of  
Pennsylvania in 1926.

Testifying several years ago about  
the Fisher contribution Grundy re-  
vealed how he worked. He advanced  
the money needed for campaigns at  
various times and then went to "a  
group of people in Pennsylvania" and  
made up as much of the contribution  
from their advances as he was able to  
raise.

While Grundy seldom makes state-  
ments, he protested against the tariff  
bill as reported by the finance com-  
mittee. He made his protest officially  
to Republican Floor Leader Watson  
and based it particularly on the failure  
of the committee to adopt the  
United States valuation plan of fixing  
tariff rates.

### 4 STEEPLEJACK PAINTERS KILLED

FALL 168 FEET FROM TOP OF  
WINONA CITY WATER TANK  
AS LADDER BREAKS

Winona, Minn., Oct. 24.—(U.P.)—Four  
steeple-jack painters were instantly  
killed here today when they fell 168  
feet from the top of the city water  
tanks as the steel ladder on which  
they were standing snapped and broke.

They were:  
F. L. Taylor, Grinnell, Iowa.  
Wayne R. Witzel, 24, Wynet, Okla.  
Fred Compton, 28, Wintset, Iowa.  
Harry Ellis, 27, Laplata, Mo.

The men, employed by the Pitts-  
burgh-Des Moines Steel Company of  
Des Moines, were to have finished  
their job tomorrow.

Three of the men were married and  
had their families here. Mrs. Ellis  
was reported in serious condition  
from shock.

### LABORER INJURED, FALLS TWO STORIES

St. Paul, Oct. 24.—(U.P.)—Henry Nel-  
son, 45-year-old laborer of Amery,  
Wis., was seriously injured here to-  
day when he fell two stories from a  
partly constructed building on which  
he was employed. He was taken to  
Ancker hospital.

## U. S. and Germany Negotiating for Direct War Reparations Pact Independent of Young Plan

### CONVERSATIONS OPENED FIVE WEEKS AGO

AMBASSADOR SCHURMAN PRE-  
SENTED MEMORANDUM SUG-  
GESTING SEPARATE PACT

GERMAN GOVERNMENT ACCEPT-  
ED PROPOSAL IN PRINCIPAL,  
RAISED TECHNICALITIES

By FREDRICK KUH

(United Press Staff Correspondent)

Berlin, Oct. 24.—Negotiations have  
been started between the United  
States and Germany to conclude a  
direct war reparations agreement  
which would be independent of the  
Owen D. Young plan.

The conversations opened five weeks  
ago, the United Press learned today,  
when Ambassador Jacob Gould Schur-  
man presented an aide memoire to the  
foreign office suggesting a 'separate  
treaty.'

The German government accepted the  
proposal in principle but raised  
technical points to be settled. Wash-  
ington has replied to the points raised  
in a manner believed to be acceptable  
to Germany and no difficulties were  
expected in concluding the agreement.

It is scheduled to be signed before  
the European governments adopt the  
Young plan.

The purpose of the proposed agree-  
ment is three-fold:

1. It will enable the United States  
government to adopt an attitude of  
benevolent neutrality towards the  
Young plan without signing or satisfy-  
ing it.

2. It will permit the United States  
government and federal reserve to  
maintain an aloofness towards the in-  
ternational bank, created by the  
Young plan, but allow private Ameri-  
can citizens to participate in opera-  
tion of the Young plan and the in-  
ternational bank's machinery.

3. The proposed accord would be  
similar to the United States debt  
agreements with Great Britain and  
other former allied nations, thus  
granting Germany the moral and psy-  
chological advantage of being placed  
on the same footing with other United  
States debtors.

### BUS STRIKES COUPE, CAR OVERTURNS, WOMAN INJURED

St. Paul, Oct. 24.—(U.P.)—Helen Horan  
of Farmington was critically injured  
here today when a Jefferson Highway  
Transportation Company motor bus  
struck the automobile in which she  
was parked near a stop sign, over-  
turned the light coupe five times and  
sent it crashing in flames down a six-  
foot embankment.

The motor bus also plunged down  
the embankment but remained on its  
wheels and none of the eight passen-  
gers were injured.

Miss Horan was taken to St. Luke's  
hospital where she was reported suf-  
fering from a fractured skull and se-  
vere internal injuries.

She was dragged from the flaming  
motor car by Louis Fisher, an attend-  
ant of a nearby golf course.

### LAND OF SOVIETS LEAVES NEBRASKA FOR CHICAGO

North Platte, Neb., Oct. 24.—  
(U.P.)—The giant plane, Land of the  
Soviets, carrying Russia's good  
will fliers from Moscow to New  
York took off from here at 8:35  
A. M. today for Chicago, their  
next over-night stop.  
The five fliers hoped to reach  
Chicago by 3:30 P. M.

### DAY OF SILENCE OVER ATLANTIC-- NO NEWS OF FLIER

LEAVES LITTLE DOUBT THAT  
URBAN T. DITEMAN, JR., SACRI-  
FICED TO ELEMENTS

NEARLY 2 FULL DAYS ELAPSED  
SINCE HE SET OUT FROM  
NEWFOUNDLAND

New York, Oct. 24.—(U.P.)—A two day  
silence over the north Atlantic left  
little doubt today but that the life of  
Urban T. Diteman, Jr., Montana  
cattleman, had been sacrificed to his  
dream of trans-Atlantic flying.

Nearly two full days have elapsed  
since Diteman set out alone from  
Harbour Grace, Newfoundland, on a  
non-stop flight to London. His gaso-  
line supply, based on the most gener-  
ous estimates, must certainly have  
been exhausted by noon yesterday.

Only the faintest hope was held  
that the inexperienced pilot and his  
tiny, open-cockpit monoplane, the  
Golden Hind, had survived the perils  
of trans-Atlantic flying which already  
has claimed the lives of 27 others, all  
of whom started the journey with far  
better odds of experience and safety  
equipment.

That faint hope, held by few except  
a faithful wife-mother, and Diteman's  
aged parents, was based mainly on  
the possibility that the Golden Hind,  
romantically named after the Galleon  
of Sir Francis Drake, to whom Dite-  
man claimed kinship, might have been  
located by a vessel without wireless  
or landed in some out of the way  
place where news of its safety could  
not be immediately flashed to the out-  
side world.

The latter possibility, like many  
others was remote because exhaustive  
inquiries by radio and wireless from  
the British air admiralty and officials  
of Le Bourget field, Paris, revealed  
no trace of the flier along the coasts  
of the British Isles, the English Chan-  
nel or France.

The odds were all against the cour-  
ageous cattleman from the start. His  
plane was unequipped with wireless,  
pneumonia or a rubber boat. Despite the  
statements of its builders that provid-  
ing the gasoline tanks were emptied  
and sealed it might float indefinitely,  
there was little hope that the frail  
craft could long survive the rough  
seas.

He carried only 165 gallons of gaso-  
line, by his own estimate sufficient for  
only 25 hours' flying. He hoped to  
average 100 miles an hour which  
would have given him little margin  
as against the headwinds and possi-  
ble out-of-course flying.

St. Paul, Oct. 24.—(U.P.)—Thomas  
Madalia, a barber, reported to police  
today that a "pretty young girl" ask-  
ed him for a match as he walked  
home from work, thrust a gun into  
his ribs and robbed him of \$75. Then  
she said "run along now."

### PANTAGES CASE TO GO TO JURY ON FRIDAY

SIX MEN AND SIX WOMEN TO  
DELIBERATE FATE OF THE  
ATER MAGNATE

ATTORNEYS TODAY BEGIN PRE-  
SENTING LAST OF THE  
EVIDENCE

By GEORGE H. BEALE

(United Press Staff Correspondent)

Los Angeles, Oct. 24.—Sometime Fri-  
day a jury of six men and six women  
will begin to deliberate the question  
of whether Alexander Pantages, multi-  
millionaire theatre man, attacked  
Eunice Pringle, 17-year-old dancer.

This appeared certain today as at-  
torneys began presenting the last of  
the evidence. Final arguments prob-  
ably will begin this afternoon.

Court opened this morning with Pol-  
ice Officer George Cazier, the last  
prosecution rebuttal witness, on the  
stand. His testimony corroborated  
that previously told by Police Officer  
Robert Griffin. Both claimed that he  
told them a different version of what  
happened between himself and Miss  
Pringle when she asked him to book  
her act than he told under oath at  
the trial.

Miss Pringle was recalled late yes-  
terday and, speaking softly, yet em-  
phatically, she denied that Pantages'  
version of what occurred in a little  
room in the Pantages' building, so dif-  
ferent from hers, was true.

"Miss Pringle, did you grab Mr. Pan-  
tages by the necktie?" District Attor-  
ney Byron Fitts asked.

"Did you slam the door of the little  
room shut?"

"When you went to that room did  
he ask you: 'What do you want?' and  
did you reply: 'You know what I  
want?'"

Each time the witness regarded the  
state's attorney calmly, then answer-  
ed: "No, sir."

In those four questions was con-  
tained the showman's description of  
what took place. The young dancer  
accuses Pantages of luring her to the  
room, attempting to make love and,  
finally, attacking her.

The theater man claims the young  
dancer attempted a "frameup" to  
blackmail him.

### 3 Men Killed and Several Passengers Injured in Wreck

Cincinnati, O., Oct. 24.—(U.P.)—Three  
men were killed and several passen-  
gers were injured when L. & N. pas-  
senger train No. 7 ploughed through  
a lumber truck near Walton, Ky., to-  
day and was wrecked.

Those killed were John English of  
Walton, driver of the truck; and Tom  
Burns, 35, and Harry Frazier, 45, en-  
gineer and fireman, respectively, of  
the train.

St. Paul, Oct. 24.—(U.P.)—Thomas  
Madalia, a barber, reported to police  
today that a "pretty young girl" ask-  
ed him for a match as he walked  
home from work, thrust a gun into  
his ribs and robbed him of \$75. Then  
she said "run along now."

### SOVIET GOVERNMENT RUSHING NEW RAIL LINE IN FAR EAST

Nanking, Oct. 24.—(U.P.)—Accord-  
ing to reliable reports from Har-  
bin, the Soviet government is said  
to be rushing construction on a  
railroad line from Narbavsk to the  
coast in order to facilitate  
transportation of supplies from  
Japan.

Reports also state that 20 per  
cent of the troops harassing Chin-  
ese frontiers are either Japanese  
or Korean.

### BRIBERY CASE AGAINST FALL GOES TO JURY

JUSTICE WILLIAM HITZ CHARGES  
JURY NOT TO ALLOW SYMPA-  
THY TO SWAY VERDICT

JUSTICE MAKES SHORT SPEECH  
ON GOVERNMENT AND ITS  
RESPONSIBILITIES

By HERBERT LITTLE

(United Press Staff Correspondent)

Washington, Oct. 24.—(U.P.)—Justice  
William Hitz gave to the jury today  
the bribery case against former Inter-  
ior Secretary Albert B. Fall after  
charging the jurors not to allow their  
sympathies to sway their verdict.

The 68-year-old defendant, accom-  
panied by his friend, E. L. Doheny,  
whose \$100,000 is charged to have  
bribed Fall to give valuable oil leases  
in 1922, has been ill throughout the  
trial. The trial started October 7, in  
District of Columbia supreme court.

Justice Hitz recalled the jurors ten  
minutes after they retired to explain  
a point of law. They retired for the  
second time at 11:45 A. M., after the  
judge emphasized to them that they  
were the "sole exclusive judges of the  
facts."

The jury retired with the case at  
11:30 A. M.

Justice Hitz took occasion to make  
a short speech on government and its  
responsibilities and the responsibilities  
of citizens and jurors after delivering  
his formal charge on points of law.

Doheny may have been "innocent or  
guilty" of an intent to corrupt, he  
said, adding that the jury was not at  
all concerned with any intent save  
that of Fall.

Referring to the 'defense of New  
Mexico' he informed the jurors "you  
have nothing to do with the sunshine  
of New Mexico."

He pointed out that the jury can  
recommend clemency if it desires.

### HITCH HIKING GIRL IS KILLED

Melrose, Minn., Oct. 24.—(U.P.)—Edith  
Klugman, 19-year-old Minneapolis girl  
hitch hiker, was instantly killed near  
here at 8 P. M. Wednesday when she  
was struck by a motor car driven by  
Joseph Spies of St. Cloud.

Accompanied by her sister, Ruth,  
17, the girl was hitching and "hitching"  
rides from Breckenridge, Minn., to  
her home in Minneapolis.

Spies asserted he was blinded by  
the lights of an approaching automob-  
ile and failed to see the two girls at  
the roadside.

### GREAT LAKES BUCKING HEAVY LASHING GALES

NORTHWEST WINDS FORCE THE  
TEMPERATURES TO RECORD  
LOW LEVELS

MANY LIVES IN PERIL ON SHIPS  
ON LAKES; CAR FERRY  
MAY BE LOST

Chicago, Oct. 24.—(U.P.)—The middle  
west shivered in sub-freezing weather  
today while the Great Lakes still  
bucked angrily under the mood of  
lashing gales.

Northwest winds forced tempera-  
tures to record low levels for late  
October over the broad sweep of  
prairie and lake states which yester-  
day and Tuesday night were caught  
in the first onslaught of winter's sleet,  
snow and chill, rain-laden winds.

Many lives were in peril in ships on  
the lakes and it was feared the Grand  
Trunk car ferry Milwaukee had gone  
down in Lake Michigan with a crew  
of 52 men. After a 24-hour search  
for the ferry, which left Milwaukee  
Tuesday afternoon for Grand Haven,  
Mich., Capt. C. E. McLaren, in charge  
of the Grand Trunk fleet, declared  
last night he believed the craft had  
sunk with all hands.

Coast guards searched both shores  
of the lake for 150 miles in hopes the  
vessel had been overlooked because of  
poor visibility on the stormy lake. The  
ferry carried a cargo of 26 freight  
cars.

Waves were crashing over the steamer  
William B. Pilkey, with 32  
men aboard, aground on a reef off De-  
tour, Mich., in the St. Mary Straits  
last night. The coast guard cutter  
118 was reported rushing to  
give assistance.

A great hole in its bottom, the water-  
logged steamer Maple Court, with 25  
aboard was smashing against the  
rocks of Magnetic Reef, near Cock-  
burn Island, Lake Huron.

The steel-hulled sand boat C. W.  
Cadwell, out of control on Lake Erie  
near Leamington, Ont., late yesterday,  
sent out distress signals. The boat  
sent a message later saying that the  
members of the crew were not in dan-  
ger.

Radio reports said the 600-foot Robert  
Hobson was in peril near Ludington,  
Mich. Pounding waves had  
cracked deck plates and shorn off  
rivets, the reports said.

Lower Lake Michigan, which yester-  
day hurled mountainous waves  
against hundreds of miles of shore  
line, doing damage estimated at more  
than \$2,000,000 and wrecking and dis-  
abling craft on its heaving surface,  
was quieter today.

The nine known to have been killed  
in the middle west met death mainly  
in shore accidents caused by sleet-  
covered streets and blinding snow.

Two Lawrence College students  
were believed to have drowned in  
Lake Winnebago when a rowboat  
overturned. Hundreds of students  
from the Appleton, Wis., school pa-  
trolled the lake shore or put out in  
boats while airplanes searched from  
overhead yesterday. The N. J. Neesen  
went aground on a sand bar near  
Leamington, Ont., yesterday, but all  
members of the crew were saved by  
coast guardsmen.

Snow that attained blizzard inten-  
sity at times was reported at points  
in Michigan, Minnesota, Wisconsin,  
Illinois and Indiana as well as at scat-  
tered areas farther west. Low tem-  
peratures prevailed everywhere in the  
area today.

The weather bureau predicted tem-  
peratures would go still lower. The  
Red River Valley will experience 10  
degree weather, it was forecast.

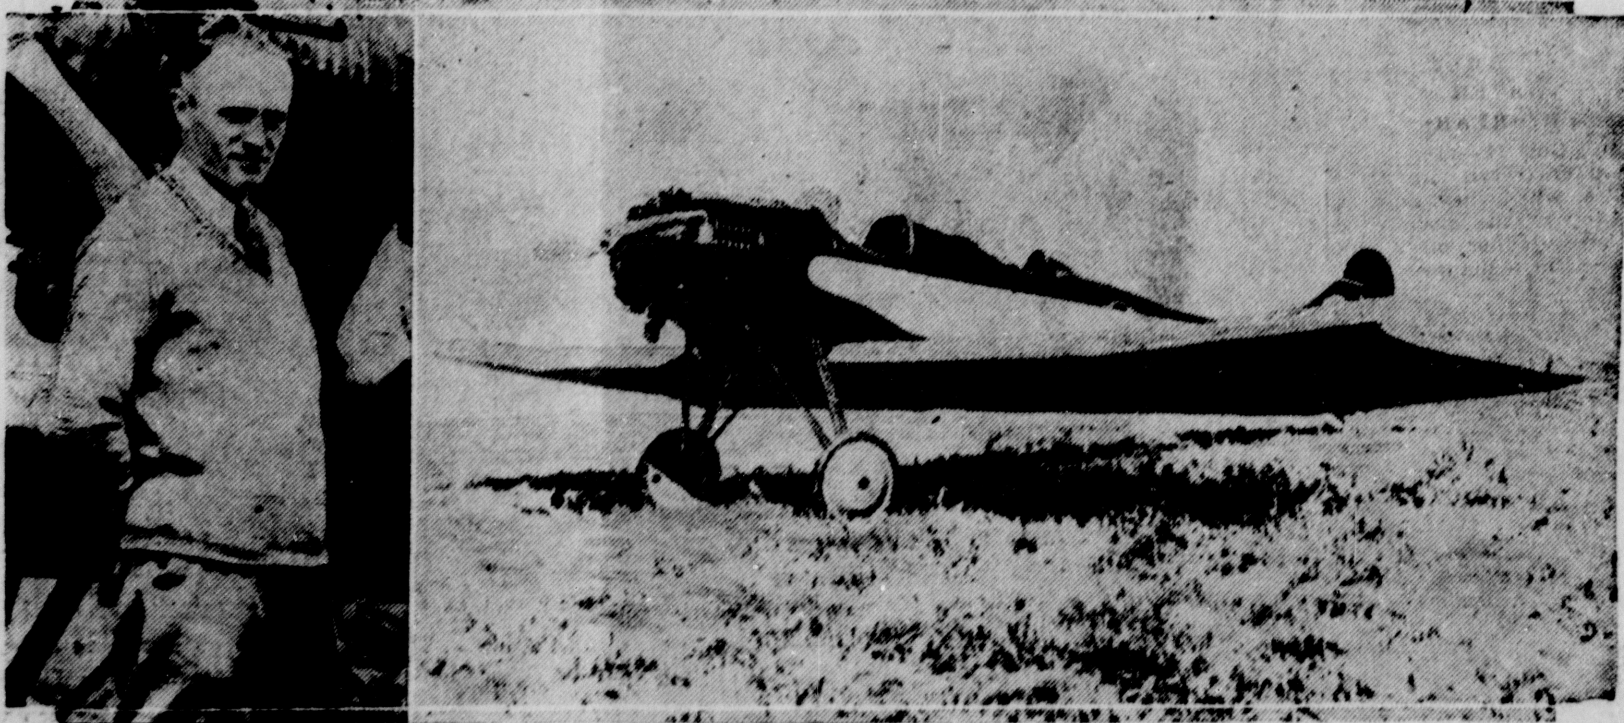

### SEEK TO STABILIZE FARMING INDUSTRY

Chicago, Oct. 24.—(U.P.)—A commit-  
tee of farm leaders will be selected  
today from 66 representatives of co-  
operative live stock sales agencies in  
conference here to form a central  
sales agency in an effort to stabilize  
the industry.

According to a statement issued af-  
ter yesterday's meeting, the proposed  
national agency would have subsidi-  
ary corporations owned by its mem-  
ber organizations. These agencies  
would be amply financed to greatly  
extend their activities and offer live-  
stock producers a complete marketing  
service.

### DYNAMITE EXPLODES, KILLING 5 JAPANESE AND 15 CHINESE

Tokio, Oct. 24.—(U.P.)—Five Japa-  
nese and 15 Chinese were killed  
and 30 seriously injured when a  
quantity of dynamite exploded to-  
day at the Anshan iron mine in  
Manchuria, advices received here  
said.

Picture shows Urban F. Diteman, Jr., and his low wing Barling monoplane, the Golden Hind, in which he attempted to fly the Atlantic. The hopoff was made with an utter absence of advance publicity, and almost nothing was known of Diteman's plans. The start was made from Harbor Grace, Newfoundland, Tuesday at 12:15 p. m., St. John's time. Mrs. Diteman, in Billings, Mont., seemingly was the only person beside the pilot who knew of the adventure. The plane carried 165 gallons of gasoline and was equipped for overseas navigation. Diteman's destination was London, a flight of approximately 2,350 miles. Nothing has been heard from him since taking off and he is believed lost.

## Dorothy Sebastian Has Vividly Dramatic Role

Dorothy Sebastian, famous for her work in "Our Dancing Daughters" and other hits of the silent pictures, has the leading feminine role in "The Unholy Night," Metro-Goldwyn-Mayer's weird filmization of Ben Hecht's famous mystery story, "The Doomed Regiment," which will be shown at the Lyceum tonight and Friday.

The new story, directed by Lionel Barrymore, is a grim mystery drama of London, concerning a group of British officers and a mysterious crime in their midst. Miss Sebastian plays a Eurasian girl, daughter of an officer in the regiment, who works an uncanny influence during the course of the plot. It is an intensely dramatic role, different from any in her entire career.

## Put them to sleep in a COMFORTABLE BEDROOM

When bed time approaches for the youngsters, thoroughly tired out by a day of strenuous play, put them to sleep in a comfortable bedroom — in a warm bed. Safeguard them from colds and other ailments by installing the Sunbeam Cabinet Heater.

A whole-home heater that resembles a good looking piece of furniture, the Sunbeam floods every part of your home, upstairs and down, with comfortable, and healthful warmth. It heats like a furnace and takes the place of several stoves. Because it circulates the air, the Sunbeam is no warmer than the rest of the house. How different from an old stove. And best of all, this remarkable heating device saves you money. Saves work. Saves time and footsteps. Don't continue to feed several stoves when one fire will give you better heating with less fuel. And one fire as you know, requires much less attention than two or three. When you see the Sunbeam, which is now on display at our store, you will immediately recognize how much it will dress up your living room. And the low prices we are asking will certainly appeal to the thrifty buyer.

## ROTARIANS HOSTS TO CITY TEACHERS

Banquet at Ransford Hotel Last Night Followed by Original Entertainment

LARGE ATTENDANCE RECORDED

Arrangements Committee Headed by William A. Spencer Scores Wonderful Success

Teachers of the city were accorded a most sincere and glowing welcome last night when the Rotary Club, acting as host, staged the annual banquet followed by a program of original entertainment.

The arrangements committee of the Rotarians, Chairman William A. Spencer and his assistants, Earl Draper, Wm. Graham, A. G. Trommald and Ralph Ferrand, achieved a veritable triumph in assembling a fine menu, wonderfully decorated dining room, accessories, and a program in which the note of originality was plainly evident and reflected credit on all the participants.

Teachers, Rotarians and their wives assembled early and marched in to the music of Lou's Band. The double dining room of the Ransford was luxuriant in a riot of colorful decorations, and balloons and Zeppelins floated about until their perigrinations ended in loud reports. Deft waiters served the menu which included fruit cocktail, creamed chicken in cases, mashed potatoes, peas, rolls, fruit salad, Rotary emblem ice cream and coffee.

After the dinner there was a short intermission during which tables were removed and seats were placed in the main dining room. The piano was removed to the adjoining dining room and this room served as the rostrum for the performers.

President S. R. Adair presided and fairly exuded humor as he made his extended remarks which drew frequent applause.

A quartet, Robert Nicholl, William V. Turcotte, S. R. Hickerson and A. C. Ebert, accompanied on the piano by Mrs. V. E. Schedin, sang a series of original verses, all carrying literary shots directed at the teachers.

Mrs. Sophus Bakken played two violin solos, accompanied on the piano by Mrs. Louis Knudsen and was given much applause.

George D. LaBar gave humorous reminiscences of his long service on the school board and was followed by Dr. George H. Ribbel, who succeeded Mr. LaBar on the board. He told of experiences in his six months' participation in board business.

Carl Zapffe, billed to sing a solo, came through with a "three black crows" act. As a sort of interlocutor he queried the trio, G. W. Chadbourne, I. L. Peterson and Dr. R. A. Hallquist as to improvements suggested for city departments and they answered in original verse, set to songs for which Mrs. V. E. Schedin played the accompaniment on the piano.

Chester Benson and Dr. N. W. Stewart as one pair, and County Attorney Arthur J. Sullivan and Wm. Graham as another, were introduced to the audience and put through stunts by President Adair.

When the speaker of the evening, John Seaman Barnes, director of dramatic art at the MacPhail School, Minneapolis, took the floor, the humor in Minnesota was about exhausted and so he went far afield to old New England to get his examples.

Mr. Barnes, in an introductory talk,

accorded the humorous sketches of any period of great value as offering an insight into habits and costumes and reflecting the spirit of the people. In New England he drew material from the Cape Cod region and from Maine, and the readings he gave convulsed his audience who clamored for more. By request he repeated a French-Canadian dialect story.

Miss Mary Tornstrom, principal of the city public schools, spoke for the teachers and voiced their pleasure at being so royally entertained by the Rotarians.

## MISSIONARY GROUP TO HONOR PIONEERS

Braierd M. E. Society Program Sunday to Have Theme Observed County Wide

In conjunction with the Women's Foreign Missionary society of the Methodist Episcopal church 60th anniversary celebration to be held at Columbus, O., for a week, beginning today, the Missionary society of the Methodist church of the city will join in the celebration Sunday evening.

The celebration is in memory of a small group of Methodist women who organized their first Missionary society in Boston 60 years ago. At present there are 20,000 societies with a membership of more than 500,000. Nearly every nation in the world has educational, medical and evangelistic work carried on by this organization of the Methodist church.

Among the outstanding features of the celebration at Columbus will be a sunrise communion service, a Christmas tree, cable messages from all over the world the receiving of the 60 one thousand dollar gifts and the closing Hallelujah chorus to be sung by 300 voices lead by a symphony orchestra.

At the sunrise communion service, a table, sent for the purpose by women of Japan and the linen for the table sent by women of Italy, will be used. Korean women have sent the brass bread plates and from France came silver pitchers. Chinese women have sent 3,000 brass communion cups, each one of which is to become the possession of the communicant. Before sending the cups from China, the Chinese women used the same cups in their communion service.

**Bible From Mexico**  
Before the altar, an 80-foot kneeling rug, a gift from Africa, will be placed. South America is sending many flowers and the women of India are sending a five foot candelabra with the stewardship colors of violet, green and red inwrought. From Mexico has come a bible sent from the Mexican Bible Agency.

At the close of the communion service cables of greetings are to be received at Columbus from everyone of the 19 countries where there is a foreign missionary society of the Methodist church and where the women have assembled for their own sunrise service.

At the close of this day, 60 women from the United States will place in the silver bowl from Burma their \$1,000 anniversary gift a significant ending to the work of 60 years and a new goal set for future days.

A program is being given by the Missionary society of Brainerd.

### AT CLOTHING CONVENTION

O. A. Peterson Returns From St. Paul; Complete Season Lines Shown

O. A. Peterson, manager of the Peterson Clothing Co. store, corner of Sixth and Laurel streets has returned to the city after attending a four day buying convention of the Allied Clothiers in St. Paul October 20 to 23 at the Saint Paul hotel.

The Allied Clothiers with whom the Peterson Clothing Co. is affiliated is a group buying association of leading clothing stores. Until recently it comprised stores located only in the northwest states of Minnesota, Wisconsin, North and South Dakota, and Iowa. A new midwest group of cloth-

ing stores has now been added, and judging by the extremely short times and the ease with which this new large group was organized, it is significant that independent retail stores are realizing more and more the importance and the advantages of group buying, and are eager to share in the substantial discounts which group-volume-buying makes possible.

"At these buying conventions, held three times a year, selected manufacturers from all parts of the country show their full lines for the coming season, and each store is free to buy only what it needs. There is no dictation of any kind, and a merchant can buy just the merchandise which he knows his customers want."

"The tremendous volume of business secured by these manufacturers in so short a period at these conventions brings down their selling expenses to a fraction, and makes it possible for them to sell their merchandise at prices that are substantially lower," Mr. Peterson said today.

## EGGS WANTED

Every poultry raiser in the vicinity of Brainerd is wanting to get more eggs at this time of year when they are always high.

There are several things that may be keeping your hens from laying, such as lice, worms, improper housing and improper feeding.

The first thing to look after is to see that they have a comfortable house, clean and well ventilated. Second, to see that they are free from lice and worms as hens that are either lousy or wormy can not lay eggs.

And last, but not least, see that they get a balanced feed. By a balanced feed we mean one that has all the ingredients necessary to make the yolks and whites of the eggs as well as to make the shell and to keep up the body.

If your hens are not laying the amount of eggs you think they should, come in and talk it over with us and possibly we can help you to find the trouble.

# Seventy Years Young! AN ANCIENT PREJUDICE HAS BEEN REMOVED

AMERICAN INTELLIGENCE scorns that ancient prejudice which harshly dictated that age was a limiting factor of usefulness. To-day, old age not only commands respect but demands its place in every walk of life.

## "toasting did it"—

Gone is that ancient prejudice against cigarettes—Progress has been made. We removed the prejudice against cigarettes when we removed harmful corrosive ACRIDS (pungent irritants) from the tobaccos.

YEARS ago, when cigarettes were made without the aid of modern science, there originated that ancient prejudice against all cigarettes. That criticism is no longer justified. LUCKY STRIKE, the finest cigarette you ever smoked, made of the choicest tobacco, properly aged and skillfully blended—"It's Toasted."

"TOASTING," the most modern step in cigarette manufacture, removes from LUCKY STRIKE harmful irritants which are present in cigarettes manufactured in the old-fashioned way.

Everyone knows that heat purifies, and so "TOASTING"—LUCKY STRIKE'S extra secret process—removes harmful corrosive ACRIDS (pungent irritants) from LUCKIES which in the old-fashioned manufacture of cigarettes cause throat irritation and coughing. Thus "TOASTING" has destroyed that ancient prejudice against cigarette smoking by men and by women.

"It's Toasted"—the phrase that describes the extra "toasting" process applied in the manufacture of Lucky Strike Cigarettes. The finest tobaccos—the Cream of the Crop—are scientifically subjected to penetrating heat at minimum, 260°—maximum, 300°, Fahrenheit. The exact, expert regulation of such high temperatures removes impurities. More than a slogan, "It's Toasted" is recognized by millions as the most modern step in cigarette manufacture.

## New Door needed on the Back Porch

The Back Door looks a little neglected, doesn't it? For one thing, the screening has rusted and fallen away in spots. Doesn't keep the flies out. And the delivery boys and the ice man have soiled the woodwork. It does look mussed. It isn't much of a job to put in new netting and to paint the main door and the frame of the other. Let's get busy. What do you say?

## COLDS MAY DEVELOP INTO PNEUMONIA

Coughs from colds may lead to serious trouble. You can stop them now with Creomulsion, an emulsified creosote that is pleasant to take. Creomulsion is a medical discovery with two-fold action; it soothes and heals the inflamed membranes and inhibits germ growth.

Of all known drugs, creosote is recognized by high medical authorities as one of the greatest healing agencies for coughs from colds and bronchial irritations. Creomulsion contains, in addition to creosote, other healing elements which soothe

and heal the inflamed membranes and stop the irritation, while the creosote goes on to the stomach, is absorbed into the blood, attacks the seat of the trouble and checks the growth of the germs.

Creomulsion is guaranteed satisfactory in the treatment of coughs from colds, bronchitis and minor forms of bronchial irritations, and is excellent for building up the system after colds or flu. Money refunded if not relieved after taking according to directions. Ask your druggist. (adv.)

## CHAPTER XLIX.

IT was a new lease on life—the welcome, thrilling sound of

Marian's voice on the wire. However hopeless the future, nothing could take away from Eddie these isolated moments of joy. Out of a universe dull with unhappiness he drank in the vital elixir of her personality, diluted in distance, but potent enough to send his heart beating faster.

Even though the dear voice came to him nervous and disturbed, he imagined it carried some hidden tenderness. "Father just came home—about his conversation with you." He knew that she was aware of her father's ban upon him.

Doubtless, Mr. Thorndike had warned her, too, to have nothing further to do with him. It gave him a throbbing satisfaction to know that Marian, even so, cared enough to call him up in defiance of the edict that separated them.

"Did he tell you everything?" "Yes, I'm so sorry—it's terrible."

Their conversation, he realized, must necessarily be guarded, because of the party line telephone system. There was no telling how many listening ears might be on the wire—but perhaps he might express himself so as to render anything overheard quite harmless. There was the chance that no one was over hearing them, but the possibility stifled expression.

The things that Eddie and Marian had to say were too poignantly intimate to be spoken for other people, perchance, to hear. Yet, there was so much that had to be said—

"I'm leaving—" he told her, reluctantly. "I'm called away—on business."

He hoped desperately that she would understand what he really meant. "It seems the only thing to do."

"Do you mind if I write you from wherever I'm going?"

He could feel the strain of her silence before she answered him. Her words seemed to tremble.

"Yes, write."

"I won't be able to see you before I go."

"I'm afraid not."

"I suppose this is goodbye?" Her voice was faint.

"Yes."

"Goodbye, then."

"Goodbye . . ."

long this most fragile of all bonds between them.

The seconds stretched out and repeated themselves, but there was no sound of a receiver going up at the other end.

"Are you still there?" he asked, hungrily.

"Yes . . ."

The silence hung between them with painful intensity. What more could they say—what more could they do? Yet, neither had the power to break the connection.

After a time, Eddie spoke softly, almost a whisper.

"It's brutal to part this way."

After a protracted spell Marian whispered:

"Yes."

A daring hope, scarcely acknowledged, stirred within him.

"Would a—could we see each other?"

He waited, tense with uncertainty, for her to answer while the great old clock in the hall ticked in silence.

When she spoke her voice was muffled but hasty with quick decision.

"Down where our lane runs into the main road . . . in an hour . . ."

No hesitancy now in hanging up the receiver—a swirl at his heart spread through his whole being with an agonizing rush.

Nothing mattered now . . . he was going to see her . . . everything else in life was uncertain, but this glorious fact revolved around him and through him with the sensation of music and color alike.

In the face of defeat he had been able to snatch one beautiful banner from the grasp of misfortune . . . was able to wave it defiantly aloft . . .

He stepped out on the veranda and filled his lungs with the warm perfume of the night.

In the east, a little to the north, a great orange disc that was the moon lifted its are above the dark line of pines. There fluttered through him all of the strange, bewildering glamour of youth and love, of sorrow and hope, till the blood in his veins ran golden and his brain trembled with excitement.

In his buggy he drove as far as Locust Grove and hitched his horse behind a screen of trees; then on he went afoot. His idea of time was highly inaccurate and he was, at least, 30 minutes too soon. Even so, it was after 9 o'clock.

Now, or presently, Marian's parents would be preparing to retire for the night.

Her house stood an eighth of a mile back from the road and he could see one dim light that signified, perhaps, her room.

# CHARGES COMMERCIALIZATION IN COLLEGE ATHLETICS

## CLAIMED 1 IN EVERY 7 IS GETTING SUPPORT

### BULLETIN OF CARNEGIE FOUNDATION FOR ADVANCEMENT OF TEACHING IN STATEMENT

### INVESTIGATION OF COLLEGES AND UNIVERSITIES COVERS OVER 3-YEAR PERIOD

By FRANK GETTY  
(United Press Sports Editor)

New York, Oct. 24.—Athletes in American Colleges are subsidized to-day to a point where one in every seven receives support because of his athletic ability, a bulletin issued by the Carnegie Foundation for the Advancement of Teaching declares.

An investigation which took three and one-half years finds few colleges and universities guiltless of the charge of proselyting.

Educational institutions from coast to coast are directly accused, of persuading prominent athletes to attend, and of paying these boys, directly or indirectly, for their athletic ability.

Commercialism in college athletics, declared in the report to be "the darkest single blot upon American sport," is charged to more than 100 of the schools which were investigated by Dr. Howard J. Savage, staff member of the Carnegie Foundation, and his associates.

Out of 112 educational institutions visited by representatives of the Carnegie Foundation, only 28 were found guiltless of the accusation of subsidizing athletes.

Yale, Cornell, Chicago, the United States Military Academy, Wesleyan and Williams are among the schools at which the Carnegie investigators found no evidence of commercialism. Canadian colleges and universities came off unscathed, with the remark that "Canadian university sportsmanship is sufficiently strong to prevent recruiting."

For the rest, the Carnegie committee's report was fairly damning. Fordham, Columbia and New York University in the east, Wisconsin and Northwestern in the middle west, Southern California and Oregon agricultural college in the far west, come in for special condemnation on the grounds of proselyting.

A "nationwide commerce" in eligible athletes is described in detail and condemned by the investigators.

Catholic colleges and universities are listed as furnishing assistance to students of athletic proclivities. Notre Dame, Fordham and Georgetown come in for special mention.

A system, with its various ramifications, whereby colleges and universities seek and obtain star athletes from high and preparatory schools is described in detail.

The report tells how Brown University handles its recruiting correspondence, how Southern California indulges in proselyting and how Wisconsin, despite the denials of its authorities, evades the agreement of the "Big Ten."

"The responsibility to bring athletics into a sincere relation to the intellectual life of the college rests squarely on the shoulders of the president and faculty," Dr. Henry S. Pritchett writes in a preface to the bulletin. "What ought to be done?"

"The paid coach, the gate receipts, the special training tables, the costly sweaters and expensive journeys in special Pullman cars, the recruiting from the high school, the demoralizing publicity showered on the players, the devotion of an undue proportion of time to training, the devices for putting the desirable athlete, but weak scholar, across the hurdles of examinations—these ought to stop."

The report describes the means whereby various schools invite the attendance of athletes, proselyting by alumni, athletic boards of control, head coaches, occasionally by members of the faculty themselves.

As for subsidies, it describes "jobs to pay for tuition, room and board in return for very nominal services" or "an outright allocation of funds without return except in athletic participation."

Brown, Denver, Northwestern, Purdue and Wisconsin are named as schools at which "a more specialized development" of the system of finding jobs for athletes is to be found.

In the final analysis, few schools are cleared. Little that was not already known or suspected is brought to light, but the repercussion in the college world may be resounding, since a spade is called a spade.

## WATCHED JOESTING, ALMQUIST, NYDAHL DO THEIR CHORES

### EVERYBODY SAID ART WAS GOOD, BUT NOT ANY BETTER THAN PROVEN STARS

### MOST NOTICEABLE FEATURE ABOUT PHARMER IS HIS COOLNESS UNDER FIRE

Minneapolis, Minn., Oct. 24.—(UP)—An outstanding star as a freshman and expected to blossom out as a varsity leader in his sophomore year, Art Pharmer, Minnesota's newest backfield sensation sat on the bench for two years before he achieved his present recognition.

When Art became a sophomore he was forced to sit around and watch Herb Joesting, Shorty Almquist, Bob Peplaw and Mally Nydahl do their chores on the football field. Everybody said Art was good but nobody seemed to think he was better than the proven stars.

Then in his junior year, Pharmer was not in the best of condition, and of course there was the matter of Bronko Nagurski who was playing a bangup fullback game.

Last Saturday Art was the driving force which allowed Minnesota to beat Northwestern. He scored two touchdowns, two field goals and two points after touchdowns. Incidentally those 20 points allowed him to become the present Big Ten scoring leader.

The most noticeable point about Pharmer's play is his coolness under fire. In 1927 he calmly strolled out from the bench and kicked a goal for a point after touchdown which allowed Minnesota to tie Notre Dame, 7-7. Playing in the last game of the 1928 season he picked up a fumble behind his own goal line and dived over two would-be tacklers into safe territory, preventing a safety.

And by the way if you don't know him on the field when you see Minnesota, just watch for the bow-legged boy who is a master at spinning through the tackles.

## DOCTOR BEATS THEM AT THEIR OWN GAME

Demonstrates Easy Way to Make Three Dollars.

A doctor in a certain town recently received a box of Christmas cards through the mail which he hadn't ordered. The next day he received a bill requesting one dollar in payment for the cards.

Being wise to the unordered merchandise scheme the doctor made up a box of pills and sent them to the company which had sent him the Christmas cards. He also sent the company a letter stating that the pills were worth two dollars and would the company kindly send him one dollar, the balance due him after subtracting the dollar he owed the company for the Christmas cards.

He soon received a second letter from the company again requesting him to send a dollar in payment for the cards.

This time he replied that he charged two dollars for making a call and since it had been necessary for him to leave his office to post this letter his bill now amounted to three dollars, two dollars for the call and one dollar still due him for his pills. Would the company kindly remit?

A few days later he received a very short letter from the company to the effect that his name had been stricken from its mailing list.

Local residents who have been bothered by receiving unordered boxes of Christmas cards through the mails may do well to take a tip from the doctor. According to the office of the Postmaster General it is neither necessary to return unordered cards nor to pay for them unless used.

#### Australians Fond of Tea

Australians are great tea drinkers, the per capita consumption being six pounds per annum. Tea is generally taken with every meal in Australia, and in many offices in the capital cities it is customary to serve morning as well as afternoon tea.

#### After Graduation

A college education, according to a Boston commentator, never hurt anybody who was willing to learn something afterward.

## BRAINERD 25 YEARS AGO

From the Daily Dispatch

October 24, 1904

The members of the Brainerd football team entertained their Little Falls friends on Saturday evening with a dancing party in Columbian hall.

A foot of snow is said to have fallen in the vicinity of Northome last evening.

C. N. Kieren has accepted a position as clerk at McCarthy & Donahues.

Will Rogers, who has been working for J. M. Elder during the summer, left today for his home in Michigan.

Hon. C. B. Buckman, candidate for congress in the Sixth congressional district and Hon. I. W. Bouck, Hon. H. A. Rider and Attorney Kling arrived in the city from the south this afternoon. Attorney E. A. Kling will speak this evening in the Krech school house.

J. F. McGinnis, the Front street merchant, early this fall offered three prizes for the first second and third best bushel of potatoes brought to his store. Twenty-two farmers in all brought their samples in and the competition has been quite interesting.

W. L. Jack, John Chisholm and Seth Phillips were chosen as judges and Saturday the prizes were awarded to A. A. Teber, Merrifield, George S. McCullough, Brainerd and third prize to William Dickson of Brainerd.

Shortly after noon today Mrs. Otto Wilson, who lives a short distance in the country, was bringing her son in for medical attention. He had broken his arm. She was driving a double team attached to a light wagon. When crossing the N. P. track the team became frightened and started to run. They turned the corner at Sixth and Laurel and hurried her to the pavement. She was picked up and carried into J. F. Dykeman's store where she regained consciousness. She was only bruised up a little.

## FALL SEASON OF AMUSEMENT OPENS

Many Forms of Entertainment Book-  
ed at U. C. T.  
Auditorium

The fall season of indoor entertainment is to be started in November at the U. C. T. auditorium, when "Chuck" Williams and his peppy dance band play a dance on Nov. 5. The auditorium has been rented to Robert Block by Mrs. Sarah A. Gardner for a long time period and he is in complete charge and conducting same.

The Brainerd Ladies band will put on a play on Thursday and Friday, Nov. 7-8.

On Nov. 9 Penny Reynolds and her band will play a dance, and on Nov. 11, Armistice Day, the Legion will put on their big annual hop.

The high school is to sponsor a play on the twelfth, under the direction of

J. H. Hendrickson with a travelling company of players.

On the fifteenth the Swedish Glee club of Brainerd is going to put on a dance, with music by the well known Oscar Danielson and his Swedish dance orchestra, playing both old and new Swedish dance music. This band broadcasts from WCCO every week.

On Nov. 16, Jack Kane will be back to play every Saturday night with the band that was so popular at Lum Park all summer.

On Sunday and Monday, Nov. 17 and 18, a play, under the personal direction of Dave Goodnature, will be put on. This play, we are informed, is to be bigger and better than any heretofore attempted locally.

On the twenty-sixth and thirtieth, Bailey and his band, will play two dances. This is considered one of the best bands on the road today.

Regular Saturday night dances will be held all season, with plays and private parties running through the week.

Contracts are being made for dates as far off as March.

# TRAIN BEARS MESSAGE OF BETTER COWS, HENS

Dairy and Poultry Special of Ten Cars to Arrive Here at 9:30 A. M. Tomorrow

## CARRIES FINE EXHIBITION

Lectures by Experts to Precede Inspection; Train Here Three Hours

The ten car dairy and poultry special train will arrive in Brainerd at 9:30 a. m. tomorrow on its 1,500 mile Wisconsin bearing a message of "Better Cows, Better Hens, and Larger Dividends."

The train will remain on the N. P. railway tracks between Sixth and Eighth streets for three hours during which time experts on poultry and dairying will deliver lectures and everyone will be permitted to pass through the coaches and inspect them.

The train made its first stop at Forest Lake on Monday, October 21, and will conclude its demonstrations at St. Cloud November 2 after visiting 35 towns, with three hour stops at each point. It is being operated by the Northern Pacific railway over its lines and those of its subsidiary, the Minnesota and International and is equipped with striking exhibits, conveniently arranged in coaches. It also carries demonstration animals and poultry.

The University of Minnesota agricultural college and various breed and research associations are cooperating in the programs which are under the direction of F. W. Peck, director of agricultural research at the university college. Hundreds of school children and adult farmers and merchants have visited this rolling barn yard and educational institution. At many points holidays for school children, farmers and townfolk are being declared.

The program here tomorrow follows: Train arrives at 9:30 a. m., stopping opposite the Water Tower.

Speeches and demonstrations by experts in poultry and dairying with a demonstration of poultry judging by a 4-H club team from Rock and Fairbault counties.

Inspection of train from 10:30 a. m. to 12:30 p. m.

Train leaves for Pequot where it will stop for three hours.

Benches will be provided as seats for those hearing the speeches. Talks will be given by F. W. Peck, H. R. Searles, W. A. Billings, of the Extension Service of the University of Minnesota and A. J. Dexter of Northern Pacific Railway; Axel Hansen of the Minnesota Livestock Association and W. H. Lapp of the Poultry Research society.

## COUNTRY CHURCH TO BE REDEDICATED

Ceremonies at South Long Lake Presbyterian Church on Sunday

### MANY IMPROVEMENTS

Rev. A. G. Patterson Will Deliver Sermon, Large Attendance Assured

An example of progressiveness, good will, and what can be done by country communities in church maintenance is seen in the South Long Lake Presbyterian church which reopens Sunday after a brief closing to permit repairs and a general improvement in appearance to the church dedicated two years ago and valued at \$5,000.

Rededication services at which time the 40 members of the congregation will give thanks for what has been accomplished will be held next Sunday afternoon at 3 o'clock. Rev. Alexander G. Patterson, pastor of the First Presbyterian church, Brainerd, and the South Long Lake church will preside and will deliver an appropriate sermon for the occasion.

The Men's chorus of 20 voices with Earl Rickolson directing will praise their Lord for his goodness in song. Other special musical numbers are planned in the program.

The church as it will be seen by many visitors from Brainerd and other parts of the county will be declared one of the finest country churches in the county.

For the past two weeks men and women of the church have been active in preparing the church for this occasion. The lawn has been graded with the driveway circling the building.

All floors have been varnished, with runners and rugs placed in the aisles. The seating has been rearranged. The walls have been beautifully decorated in a soft cream tone. A piano was purchased recently and new furniture placed in the chancel.

A completely graded White Line road now runs in front of the church, making access easy and adding much to the appearance of the church's property.

The church is about 9 miles southeast of Brainerd. It can be reached by travelling to the five mile corner on 13th street, three miles east and half a mile south.

Rev. Patterson preaches at services at the church every other Sunday at 3 p. m. Sabbath school is held on days of service at 10:30 a. m. and at 2 p. m. on other Sundays.

Leaves Widow, One Small Son, Mother and Brother; Funeral Rites Incomplete

John William Byrne, aged 29 years, 609 Kingwood street, passed away at the N. P. B. A. hospital St. Paul at midnight last night following an operation for the removal of his appendix.

Mr. Byrne was rushed to St. Paul two weeks ago with a ruptured appendix, it was reported here. His death will be felt sadly by many friends in Brainerd and community.

The body was returned to Brainerd this afternoon. Funeral arrangements have not yet been completed.

Mr. Byrne attended Brainerd schools. He was employed by the Northern Pacific railway in the blacksmith department of the shops here.

Surviving besides his wife, nee Miss Ruth Edwards, are his little son, John, his mother, Mrs. Ruby Byrne, and one brother, Henry. His father predeceased him six years ago.

## STRONGER TONE COMES INTO THE STOCK MARKET

ONE OF MOST VIOLENT BREAKS IN ITS HISTORY RECORDED TODAY

MEETING OF BIG BANKERS HELD AT OFFICES OF J. P. MORGAN & CO.

New York, Oct. 24.—(U.P.)—A stronger tone came into the stock market shortly after 1 P. M. today after one of the most violent breaks in its history.

A meeting of big bankers at the offices of J. P. Morgan and Company gave confidence to some of the traders who had been dumping stocks overboard regardless of price.

At 1:15 P. M. the tape was running 92 minutes behind. At that time United States Steel was being bid at 20 1/4 up from a low of 195.

Later in the afternoon W. C. Potter, president of the Guaranty Trust Company, came to the offices of J. P. Morgan & Company. The street took heart with this aggregation of financiers conferring on means to stay the reaction, but price advances were not holding as well as had been expected. However, the biggest traders in the financial community were being identified with buying operations. According to Dow, Jones & Company, Jesse L. Livermore, noted operator, had been buying heavily. When questioned by Dow-Jones, Livermore is quoted as saying: "Buying all morning."

**Jack Williams, Minneapolis Man, is Seriously Injured**

Omaha, Oct. 24.—(U.P.)—Jack Williams, 45, Minneapolis, Minn., is in serious condition at a hospital here as result of a jump or a fall from a second story window of his boarding house last night. Williams' leap carried him over a fence and he alighted on his head on a cement driveway. He had been awaiting funds from relatives, his landlady, Mrs. Nona Martin, said.

**Gave Oil Drillers Idea**  
The idea of drilling for oil was borrowed from the salt drillers operating along the Kanawha river in West Virginia.

## NORTH PRAIRIE

The Lucky 13 Home Management club met at the home of Mrs. Ben Grieson last Friday afternoon. The leaders of this club are Mrs. Ole Anderson and Mrs. Irvin Burrows. The subject for discussion was cheerful kitchens. This included walls and wall finishes floors, and floor finishes, curtains and shades.

There were 14 members present and one new member was taken in. Mrs. A. F. Claus, county chairman, and Mrs. L. S. Babcock were visitors. The water survey taken showed that only one member had a complete water system, including hot and cold water and bath.

This club voted to omit the lunch usually served at each meeting so as to allow more time for the study of the lesson and after the meetings were over to have a big dinner for husbands and families. The next meeting will be on Tuesday, November 5, at the home of Mrs. Charles Racine. The topic for next meeting will be Healthful Kitchens.

Mr. and Mrs. Elmer Peterson and family drove to Little Falls Sunday to visit at the I. K. Lockrem home.

## Goitre Not a Disease

Milwaukee Doctor Makes Remarkable Discovery

Milwaukee, Wis. — It has been brought to light by scientific research that goitre is not a disease and is not to be treated as such. Dr. A. A. Rock, Dept. B35, Box 737, Milwaukee, Wis., a prominent goitre specialist for over 24 years, has perfected a different method of treatment for his patients that has proved remarkably successful. This same method is now being used for a home treatment of goitre cases all over the country with astonishing results. The Doctor states that goitre is a condition which grows worse with neglect and recommends immediate attention no matter how small the growth may appear. He strongly opposes needless operations. Dr. Rock is the author of a book that tells in a simple way about treating goitre at home. He has published this book at his own expense and will send a copy free to anyone interested. Write him today. —advt
